SAFETY STRENGTH CONFIDENCE

ARE THE STRONG POINTS OF THE FIRST
NATIONAL BANK, OF BARBOURVILLE

Our Bank is **SAFE** because we have **HONEST, CAREFUL, CONSERVATIVE** and **SUCCESSFUL BUSINESS MEN** in charge of it. It is **BACKED** up by the **UNITED STATES GOVERNMENT**, by assets of about \$300,000.00, and by stockholders worth more than a Million Dollars.

Our Bank has **STRENGTH**, because its **CAPITAL** has been **PAID IN FULL IN CASH**, and it has a **Surplus Profit Fund** of \$27,500.00, in addition to its **Undivided net profits**, and to this may be added its assets and the resources of its stockholders.

Our Bank not only **HAS THE CONFIDENCE** of more than a thousand depositors, but has the **CONFIDENCE** of the **UNITED STATES GOVERNMENT**, in making this a depository for the **POSTAL SAVINGS BANK'S** Fund, for the **UNITED STATES COURT** and the **UNITED STATES POST OFFICE**, and it is a depository for **Knox County** and the **City of Barbourville**. It is an **"HONOR ROLL" Bank**.

We pay **3% interest** on time deposits. These points should be considered by everyone seeking a safe, strong and conservative Bank.

Barbourville, Kentucky.**

Re-united Republican Party Marching On To Certain Victory

READ THE FACTS AS SHOWN BY OFFICIAL
FIGURES

Official figures of recent elections, primaries and registrations in different parts of the country, reveal sweeping Republican gains and corresponding Democratic and Progressive losses. Careful analysis of these figures show unmistakably the trend of political sentiment throughout the nation. "The swing back to Republican victory is on." The figures show that the condition that resulted in the election of Mr. Wilson is wiped out and that the readjustment has been favorable to the Republican party in every instance.

It is apparent to all thinking men that the Democratic party will remain in power only so long as the opposition to that party is divided. It is conceded by members of all parties that the rank and file of those opposed to the Democratic Administration have in many sections already united, and that reunion must and will come everywhere. The great majority of Republicans in Kentucky and elsewhere who voted for Mr. Roosevelt had no idea or intention of forming a new party. Their vote was simply a protest, and, having accomplished their purpose, they have returned to the Republican

all sustained by the Democrats and Progressives.

In the Seventh district of New Jersey the total vote in the Congressional election fell away 40 per cent., yet the Republican gain was 98 per cent. over 1912. In the Second Iowa district the decrease in the total vote, compared with 1912, was 38 per cent., yet the Republican gain was 27 per cent.

In the Senatorial primary in Pennsylvania in 1914 the total vote was 49 per cent. less than the total vote in the Presidential election two years ago, but the Republican gain was 21 per cent.

One of the most significant of the returns is that of the Minnesota primary election for Governor this year, in which the Republican gain was 203 per cent. in spite of the fact that the total vote was 27 per cent. less than the vote for President in 1912.

Attention is directed to following comparison of votes cast at recent elections and primaries and the results of registrations, with the votes cast for Wilson, Taft and Roosevelt in 1912.

Let the Figures Speak for Themselves VOTE OF KENTUCKY

In 1912 Taft polled in Kentucky 115,512 votes, Roosevelt 103,760. In the August primary in 1913 the Republicans polled 55,567, the Progressives only 7,878. At the November election, 1912, the Republicans polled

in round numbers 125,000. The Progressives polled about 20,000 votes in the city of Louisville and Jefferson county, and about 15,000 outside of Jefferson county, making a total of 35,000.

The 1914 primary voting in the six largest counties in Indiana, containing the cities of Indianapolis, Fort Wayne, South Bend, Gary, Terra Haute and Evansville, indicate how the Progressive party has gone to pieces in that State. Comparison between the Progressive vote in 1912 and the Progressive primary vote of 1914 follows:

SAFETY LOCK BOXES TO RENT

Did you know that a bank is as good as the ability and honesty of its officers regardless of the size of its Capital and Surplus. Our officers you have known all your lives. Won't you trust them to keep your money "Safely" and pay it out on your demands. Everything consistent with "Safe" banking done for you, but "Safety First."

	1912 Vote	1914 Primary
Allen	4,519	164
Vanderburg	2,880	171
Lake	5,659	660
St. Joseph	5,130	800
Vigo	5,172	350
Marion	20,271	1,700

Perhaps the clearest indication of what may happen at the next election is given by the recent primaries at Gary and Indiana Harbor, Ind., great industrial centers. The Progressives carried both of these steel towns in 1912. By reason of the mills being forced to close down or operate only part time, thousands of men have been laid off. These cities may be taken as typical industrial centers. In the recent primary the Republicans received 90 per cent of the vote in Gary, the Democrats 7 per cent, and the Progressives 3 per cent. In Indiana Harbor the Republicans received 92 per cent of the vote, the Democrats 6 per cent, and the progressives 2 per cent.

The above figures clearly indicate that a great majority of those who supported Mr. Roosevelt in 1912 are again with the Republican party, the greatest and most truly progressive party ever organized, whose history is the history of the country for more than half a century. The selfishness of a few leaders has alone prevented a complete amalgamation. But the people will set aside these self-constituted leaders when they realize that a continuation of this division can only result in perpetuating the Democratic party in power and continuing in force those policies which have time and again proven disastrous to the American people.

Mrs. Elizabeth Archibald Entertains

Mrs Elizabeth Archibald was the hostess Tuesday afternoon at a lawn party at her home on Main Street. Miss Gertrude Black and Mrs J S Miller assisted in receiving the guests and Mesdames J W Hughes and Ella Black were in charge of the dining room and were assisted in the serving of the delicious ices and cakes by little Misses Alma and Randa Archibald. The dining room was banked

with ferns; a basketful of beautiful white and pink roses resting on white cluny lace over pink satin completed the table decorations. Those present were:

EQUAL DIVISION OF NEW PASSENGER ELECTION OFFICERS RATE IS INVALID

SUGGESTED BY ATTORNEY GENERAL AS TO COMING PROHIBITION ELECTIONS.

OPINION NOW BEING PREPARED

Proper For County Judges to Appoint Special Officers to Hold Wet and Dry Elections.

(Special Frankfort Correspondence.)
Frankfort, Ky.—An equal division of election officers between "wet" and "dry" forces in a prohibition election, as recommended by the court of appeals, is suggested by Attorney General Garnett, who is preparing an opinion on the subject at the instance of inquiries in Fayette county. He says special officers must be appointed. Mr. Garnett has not yet written his opinion, but it will follow the construction given the statute by the court of appeals in the case of Irwin against Benton, appealed from McLean county, and decided in an opinion by Judge E. C. O'Rear at the January term, 1915. The court said: "We are of the opinion that the language of Section 1555 requires special officers to be appointed to hold local option elections. The section does not say such election shall be held by those officers appointed to hold other elections in such precincts during their term of office, as it might have done, but on the contrary, provides that they be held by such officers as would be qualified to hold regular elections; that is, be held by officers who shall possess the qualifications of election officers holding regular election for county offices. It also provides that they shall be selected in the same way, indicating clearly that, instead of the same persons being used, others, but to be selected by the same authorities, were to be chosen. Officers of regular elections are now chosen from lists nominated by their respective political parties. The reasons are forceful and practical. They can not apply at all to the selection from the same lists of officers to hold local option elections, though the ones selected for the general election are not necessarily disqualified from the latter service." In the case of Puckett against Snyder, appealed from the Spencer circuit court, in an opinion written by Judge Guiry, which was decided when the county judge, instead of the election commissioners, selected the officers, the court said: "We are inclined to the opinion that it was proper for the county judge to appoint special officers to hold said election, for the reason that the spirit, if not the letter, of the statute requires a division of the officers between the parties favoring the sale of liquor and those opposed to it. If the regular county officers for that precinct had been permitted to hold the election it might have happened that they would all have been in favor of the sale or all against it."

Charge Misuse of Privilege.
The pruning knife is about to be applied to the expense accounts of state officers, whose duties are in Frankfort, but who live elsewhere, and charge their railroad fare to the Capital and return and their lodging while here to the state. The act of 1914 relative to expenses of officers and employees of the state was specific as to payment of railroad fare from the Capital to points in Kentucky, where their official business calls them and return, and was just as specific in forbidding them their passage home or transportation to the Capital when business calls them there. Those affected are mostly members of state boards which meet here only once or twice a month, and not to all of them.

Corporations Assessed.
Final assessments of the following public utilities were made by the State Board of Valuation and Assessment: Tennessee Central Railway Co., \$159,300; Fidelity & Deposit Co. of Maryland, \$95,000; Lexington Hydraulic & Manufacturing Co., \$720,000; Carpenter Electric Light & Power Co., Catlettsburg, \$16,000; Central Kentucky Natural Gas Co., \$875,000; Cadiz Railway Co., \$10,900.

Interesting Exhibit.
An interesting forestry exhibit has been secured by State Forester J. E. Barton for the State Fair. It is furnished by the National Bureau of Forestry and contains among other things a model showing in detail the effect of erosion. There also is large exhibit showing the utilization of timber.

Must Be Named.
Primary election officers must be named this month by the county board of Election Commissioners, said R. L. Greene, clerk of the court of appeals. The officers are chosen from lists of names submitted by party committees 15 days before the primary. Candidates, irrespective of party, may unite in selecting one or more election officers. Twenty-five per cent of the candidates may unite in naming one officer in each precinct, 50 two, 75 three and all the candidates may unite and name four or more.

ILLINOIS CENTRAL WINS SUIT AGAINST THE TWO-AND-ONE-HALF-CENT FARE.

LOW RATES WILL CONTINUE

All Trunk Lines in State Had Revised Their Passenger Tariffs To Conform To the New Law.

Western Newspaper Union News Service.
Louisville, Ky.—The new law providing for a two-and-one-half-cent passenger rate on all railroads in the state was held invalid by Judge Jas. P. Gregory, of the Jefferson criminal court. Judge Gregory based his decision upon the failure of the recent legislature to include an enacting clause. The case was that of the Illinois Central railroad, in which the railroad was charged with violating the new maximum fare law. The railroad demurred to the charge and attacked the validity of the law. In handing down his decision Judge Gregory declared that the act as it now stands is merely a declaration on the part of the legislature and is not which specified the mandatory way in which an act shall read. He said that while the question had never been passed upon in Kentucky, it had been legally decided in other states. The specific charge against the railroad was that it had sold a ticket to one Tom Pert from Louisville to Paducah at three cents a mile, which was in violation of the recent act passed by the legislature fixing the rate at two and one-half cents a mile for adults and one and one-half cents a mile for children. Prior to the legislation now held to be unconstitutional the Louisville & Nashville railroad announced that it would reduce the cost of mileage on its lines in the state from three cents to two and one-half cents. All the trunk lines through the state had revised their passenger tariffs in order to conform with the law, which became effective about a month ago. It is not expected that many changes will be made in spite of the decision.

FOREST RESERVE LAND

Sale of Timber Rights With Coal Measures Troublesome.

Frankfort, Ky.—A government forest reconnaissance crew, now working in Pike county, will extend its investigation over the entire state of Kentucky, locating sites for the establishment of federal forest reserves under the enabling act introduced at the 1914 session of the General Assembly by Senator Joseph P. Rowan. State Forester J. E. Barton, who has just returned from Washington, where he conferred with officers of the Bureau of Forestry in regard to the federal reserve, said the bureau has encountered a serious obstacle in the effort to acquire a large area at the headwaters of the Cumberland, Kentucky, Licking and Mays rivers.

OFFENDERS TO GET LIMIT

Pure Election Organization Could Be of Much Help.

Lexington, Ky.—Circuit Judge Chas. Kerr has assured, in a letter replying to an inquiry as to what he proposed to do to prevent hoodlums in the primary and regular elections, and to punish corruption if it were perpetrated by any of those workers who still believe that "all's fair in love and politics," that there is nothing he will leave undone to bring about the conviction and punishment of any man or combination of men who may attempt bribery of the voters, or who violate any of the provisions of the election laws of Kentucky.

BOND ISSUE FOR GOOD ROADS

Frankfort, Ky.—While Lewis county may not be the first in Kentucky to participate in the State Good Roads bond, as several others have applied and will draw next year, it will be the first to draw in the large degree made possible by its recently voted bond of \$150,000, and unlike the people of other counties, the inhabitants of Lewis will be enjoying good roads while paying for them.

FARMERS RESETTING TOBACCO

Glasgow, Ky.—In some sections of the county the growers are busy resetting their tobacco. Some of the land reserved for tobacco will be planted in late corn. This is the first real good tobacco season Barren has had.

COMMANDANT AT UNIVERSITY

Lexington, Ky.—Lieut. Arthur B. Underwood, of the Twentieth Infantry has been detailed as military instructor and commandant at State university to succeed Lieut. Allen W. Guilston. He is expected to come to Lexington August 1 to take up his work. Lieut. Underwood is a Kentuckian. He graduated from West Point in 1901 and has been in service with the Twentieth Infantry since receiving his commission. Term 21-2200.

KENTUCKY HORSEFLESH PRE-EMINENT THROUGHOUT THE WHOLE WORLD

Three Thousand Dollar Prize—Earth's Unequalled Equines Allured By Dazzling Stake In Commissioner of Agriculture's Five Gaited Saddle Horse Ring

Kentucky horseflesh is recognized as pre-eminent throughout the world and it is, therefore, only fitting that the state should boast the greatest premium ever offered in a contest for equine class, as will be the case when the champion saddle horses of the world gather at the twelfth annual Kentucky State Fair, to be held September 14-19 next, to compete in the Commissioner of Agriculture stake of \$3,000.

There has never been a like sum offered in a contest of this kind, the nearest approach to the amount being the \$2,000 prize money offered last year in the same five-gaited saddle-horse event, for which J. W. Newman, Commissioner of Agriculture, stands sponsor.

The announcement of this award in the classification of the horse department of the State Fair catalogue for 1914, will be certain to cause a sensation among horse owners and breeders throughout the country, and it is an assured fact that the greatest line-up of blue-blooded animals the country has ever witnessed will be in the big hippodrome ring on the night of Friday, September 18.

In Eight Classifications.

The \$3,000 premium is to be divided into eight classifications, the first being \$550, the second \$500, the third \$450, the fourth \$400, the fifth \$350, the sixth \$300, the seventh \$250, the eighth \$200, with a \$100 silver trophy going to the winner of the first money.

The fact that Hazel Dawn, winner of last year's \$2,000 stake and the \$1,000 for the year prior, is eliminated from the contest this year by her sale,

makes the coming struggle all the more problematical and exciting, as there are a number of "dark horses" in prospect and such noted contestants as Astral King, Kentucky's Best, My Major Dare, Richelieu King and Mary Yandell Fox, are rated as certain entries.

A local possibility is H. O. Hurley's Jewel Dare. President Ray's Sunflower may also be entered, together with the great gelding, Jack Barrymore, a stable mate of the famous Hazel Dawn. Nickel Plate, winner of the Commissioner of Agriculture stake in 1911, may also line up for the struggle and will prove a formidable opponent. This horse was sold to Miss Atterbury, of New York, after his triumph at the Kentucky State Fair for the sum of \$6,500. Miss Atterbury has since sold him and his new owners are considering his entry here in September.

Roadster Stakes \$1,000.

Another important event listed by the catalogue for the next fair is the Roadster stakes with a premium of \$1,000. This money will attract the best roadsters of the entire country and the event to be held Tuesday night, September 15, or the evening of Louisville Day, is expected to prove one of the most interesting features of the entire fair. The show riding in the big pavilion is being improved up to the minute and the conditions will admit of the phenomenal indoor speed of 2:10. This prize list will be divided into seven premiums.

Wednesday night the light harness stakes will be the feature with a prize up of \$1,000.

ties; the Matinee Girls Musical Comedy; Monster Plantation Show; Streets of Cairo; Mexican Village; pit shows, midgets, freaks and all the other concomitants of an up-to-date Carnival.

Bands will keep up the gala atmosphere and the Carnival floats, lights and decorations will be the greatest ever witnessed at a Kentucky State Fair.

IS YOUR BABY A "PERFECT" DARLING

Every Mother Thinks Her's Flawless The Babies' Health Contest Will Tell—Scientific Examination and Competition.

"Isn't it a perfect darling!" admirers of "King Baby" might exclaim, but the modern mother, instead of beaming with pride as of yore, will turn an appraising eye on her adored youngster and wisely murmur:

"I don't know, but I'm going to find out in the Babies' Health Contest at the State Fair."

And in this reply is demonstrated the march of progress which leads a fair management to feature a baby show based on scientific appraisal of the physical condition of a child instead of on the beauty of its dimples, curls or limpid eyes, and the growing enlightenment of parents who seek to discover the shortcomings of their offspring as scientific stock raisers gauge the merits of their cattle, instead of glowing over ephemeral loveliness which might soon be dimmed by ailments or deformities unsuspected by baby's loving guardians. The Health Contest is a movement which has swept with amazing rapidity over the entire country and was introduced at the State Fair last season for the first time in the history of the State.

The object of the Health Contest is the promotion of hygienic methods in child raising along much the same lines as fair exhibitors follow in scientific stock raising and appraising.

The movement was first introduced as an offspring of the Mothers' Health Congress held at the Louisiana State Fair at Shreveport in 1908, and the importance of the results were so universally recognized that states nearly all over the union rapidly followed suit.

The Babies' Health Contest will, this year, be under the supervision of Mrs. John D. Woodbury, and examinations will be made during the first three days of the Fair in a newly constructed Babies' building which will have transparent walls through which spectators may observe the processes of measuring and weighing the toddlers. Babies from 12 to 36 months are eligible and the entry lists will not close until September 8. Entry blanks for the Babies' Health Contest may be obtained by application to Kentucky State Fair headquarters in the Paul Jones building.

In reference to numerous inquiries and requests last season for an entry class for twins in the Babies' contest, this department has been aided and twins will be judged on a separate standard of merit.

The Kentucky State Fair management has arranged a free amusement program which alone is worth the price of admission.

THE FARM BOYS OF KENTUCKY

Distinction and a Delight to Represent County at State Fair

FUTURE "BONE AND SINEW"

Of a Great State Counting the Days Between Now and the Encampment To Be Held on Fair Grounds—Competitive Examinations.

The future "bone and sinew" of the state, the farm boys of Kentucky, are already counting the days between now and the encampment to be held at the Kentucky State Fair, September 14-19.

This annual encampment vies in the estimation of the youngsters with even the redletter epochs, Christmas and the Fourth of July, and all over the state there are myriads of farm boys with hearts filled with eager hope that the competitive examinations by which they are selected will win for them the honor of being chosen as delegate to represent their particular county.

Application blanks for this competition are mailed out by and are to be returned to State Fair Secretary J. L. Dent by or before August 1. The only stipulations made in this contest are that the boy be engaged in active farm work, between the ages of 15 and 18 years, and of good moral character. Any boy who has been enrolled in a college of agriculture is, of course, barred. The successful applicants will be selected by an examining committee from the State Board of Agriculture and of the faculty of the agricultural college.

The boys, during their encampment at the fair, are regarded as guests and wards of the management and everything possible is done to make their trip a memorable one, as well as of inestimable benefit to them from an educational viewpoint. They are taken on tours through the fair, where they enjoy lectures by authorities on various subjects of agricultural and mechanical science, are taken on excursions through the industries and show places of the city, and are furnished with every comfort and amusement possible.

It will be optional with the farm boys of this year's camp as to which class they will enter in the judging contests, and two handsome gold watches have been donated by W. A. Barnett, of the Bourbon Stock Yards, as prizes for the winners in both the dairy cattle and beef judging contests.

RAIN OR SHINE HE BEATS THE BIRDS

Lincoln Beachey Flies Up-side-down, Loops-the-Loop, Makes 2,000 Feet Spiral and Races Auto Just Ten Feet Above Earth.

Rain or shine, wind or calm, Lincoln Beachey, the up-side-down birdman or loop-the-loop wonder, who has been engaged for one day only, Saturday, September 13, to give two exhibitions at 8 and 4:30 at the twelfth annual Kentucky State Fair, will go through the entire performance which has made him an absolutely unique figure in the world of aviation.

Beachey seems to be able to successfully defy the elements and where other airman decline to even take a chance, this intrepid aerial wonder apparently seems to revel. In fact, he claims that a calm day takes from him all joy in a flight and where his compatriots loop the loop at a distance requiring field glasses, Beachey makes his blood-curdling whirls so close to earth that his face may be plainly seen. He flies as easily up-side-down as he does right side up and declares that he is taking more chances in his dare-devil race with a speeding automobile than he does high above the earth, for in this race he flies so low that an upraised hand may almost reach him, and if anything went wrong with his machinery it would mean a disastrous smash, whereas if at a sufficient height he hurls defiance at fate and expresses himself as well able to take care of himself.

Beachey started his flying career as a pupil of Glenn Curtis and astonished this celebrated birdman, by "taking it on himself" to fly under the suspension bridge, spanning the most dangerous rapids of Niagara Falls while under Curtis's tutelage. A few weeks later Beachey entered the great Chicago meet and won international fame by breaking the world's altitude record during a wind which frightened other competitors from the field.

Beachey will give State Fair visitors the full benefit of his repertoire during his special one-day engagement scheduled as climax to the greatest celebration in State Fair history.

RAILROAD RATES TO STATE FAIR.

Railroad rate of one fare plus 25 cents for round trip from all points in Kentucky has been secured by the Transportation Committee of the State Fair. It is estimated that a quarter of a million people will take advantage of this rate.

CHAMPION HERDS AT SHOW CIRCUIT

Over Four Thousand Dollars Offered In Premiums This Year

A BEAUTIFUL SILVER CUP

Short Horns, Herefords, Polled Durham and Aberdeen Angus Banners Brought For Exhibition at Kentucky State Fair.

Superlatives regarding the class of best cattle to be exhibited at the twelfth annual Kentucky State Fair will find justification in the specimens to be on hand for the greatest exhibit in the fair history of the state.

Over \$4,000 is offered in premiums this year for beef cattle prize winners, and rich donations are listed from the American Short Horn, Hereford and Polled Durham Pedigree Record Associations.

A beautiful silver cup will be offered for the best state exhibit in each of the four leading breeds of beef cattle—Short Horns, Herefords, Polled Durham and Aberdeen Angus.

Prizes will also be offered for the best exhibit made by members of the Baby Beef Cattle Clubs throughout the state. All the best herds that make the Show Circuit of 1914 are expected to appear at the Kentucky State Fair. Friday afternoon, September 13, a parade of the prize winners in all the beef cattle classes will take place in the live stock pavilion, the handsome animals decorated with brilliant ribbons indicating the awards they have won, showing in panoramas the successful aggregate of the entire department.

PRETENTIOUS WILL BE POULTRY SHOW

The Finest Fowls and Prize Pigeons of Country-Famed Lefts Feature of Kentucky State Fair.

Articles galore have been written regarding the amazing advance of the hen to a position of dignity and recognized importance in the commerce of the world and an agricultural exhibition without this one-time lightly regarded fowl would be as sorrowless as "soup without salt" or as ineffectual as "a ship without a rudder."

And never has the value of the hen been more emphatically shown than in the importance of the poultry exhibit at a State or County Fair, and never will a Kentucky State Fair boast a greater or classier aggregation of fowls than the numerous breeds to go on exhibition at the twelfth annual Kentucky State Fair in September 14-19.

Over \$1,000 in premiums has been offered for poultry and pigeons, and every known variety recognized by the American Standard of Perfection is given a class in this show.

In addition to the classes for single birds there are premiums for breeding pens in all the most popular varieties.

The prize classification has been arranged to suit the ideas of the pigeon fanciers both in and out of the state and as a whole is now big enough and broad enough to attract any pigeon loft or squab farm in the country.

Entries for the poultry show close September 4. Three beautiful trophies are offered as special prizes in this department, one being given by the Maywood Poultry Farm, one by the Kentucky State Poultry Association, and one by the publishers of the Industrious Hen.

WONDER WORKS OF WOMANKIND

To Be Exhibited in Lavish Array at the Kentucky State Fair—Winners Will Be Queens of Art, Needle and Culinary Realms.

Every art and craft known to the realms of femininity will be represented in the exhibition of handwork to be shown at the twelfth annual Kentucky State Fair September 14-19. The premium list for 1914 has been greatly enlarged and augmented, and the result will doubtless be the most attractive showing in the history of the fair. The exhibition this year will be in charge of Mrs. Thomas Smith, president of the State Federation of Women's Clubs and she will be assisted by the latter in charge of the arts and crafts department.

Linens, embroideries, art work, lace, infant's outfits, all lines of culinary work and miscellaneous products will have full showing this year and the competition for the handsome prizes will be spirited.

An award in this department means far more to the recipient than the monetary consideration, recording as it does the supremacy of the triumphant exhibitors over the most expert competitors in the entire state and preserving to posterity a proof of dexterity in either art, needle or culinary craft which is well worth striving for.

The Kentucky breeder of live stock can not bring his stock before the public without better than by taking a premium at the Kentucky State Fair.

BRILLIANT, STARTLING, BEAUTIFUL, SENSATIONAL HIPPODROME SHOW

Stupendous Six-Act Show Will Be Given Each Night In the One Hundred Thousand Dollar Live Stock Pavilion at the 12th Annual Kentucky State Fair

As the name implies, the Hippodrome show, to be given nightly in the \$100,000 live stock pavilion, at the twelfth annual Kentucky State Fair, September 14-19, will be a big one and the best, according to advance reports, that the fair management has ever secured.

All of the half-dozen spectacles are headliners and a sensation in the show world. The list includes the wonderful and picturesque polar bear exhibition, in which a half-dozen of these monster animals are put through an amazing series of turns by the world's greatest bear trainer, Herr Aibers, of Germany.

At the top of the great pavilion may be seen the Flying Thompsons, billed as "birds of the air." They are circus stars, who whirl themselves through space from trapeze to trapeze in a manner which causes the nerves of on-lookers to tingle with excitement and wonder.

A novelty is offered in the Eight Arabian Sons of the Desert, who juggle with their native weapons, do whirling and tumbling and track acrobatics, sensational and amusing in the extreme. They appear in native garb and are a picturesque and pleasing feature.

The Rescue Troupe are called "demons on the wire," and prove their title by cake walking, dining, jumping the rope and other dare-devil feats while balanced high in the air on a slender strand. The Rescues are a foreign aggregation and appear for the

first time in America at the Kentucky State Fair.

Straight from the London Hippodrome will come the Belclair Brothers, sensational acrobats, who will introduce the most sensational feat ever witnessed in their line of acrobats, a 15-foot flying hand stand catch.

And, prettiest of all, will be the Ballet Troupe of charming feminine artists and a musical accompaniment to the graceful feats they perform, and end their act with a charming novelty called "The Butterfly Scene." Special illuminations and dazzling costumes distinguish their turn.

The free acts which will provide constant entertainment for fair patrons on the ground will include the "thriller of the twentieth century," the death-defying leap of "Dare-devil Hurley" and Mile La Belle, who rides down an incline of 60 feet in a machine which leaps 25 feet through space and throws her hurtling toward a trapeze from which Hurley swings to catch her in full flight.

The Kittle Band of forty wonderful novelty musicians will be another spectacular adjunct to the fair. This is rated as one of the greatest Scotch Highlander aggregations in existence, and will be by far the most stupendous and enjoyable musical feature the fair has ever boasted. Other bands engaged are Day and Scally, of Louisville, and the Rice & Dore Marine Band, which will take prominent part in fair and street parades. There will be two or three other musical organizations on the pay roll.

EVERY FAIR DAY IS A BIG FEATURE

Entire Week of the Kentucky State Fair Lists An Alluring Array of Attractions

Every day will be "feature day" at the twelfth annual Kentucky State Fair, September 14-19, and the afternoon and night sessions will round out an even dozen periods of delight.

Monday, September 14, is distinguished by the olat of opening and the honor of being dedicated to women and children, by which token bargain terms are offered and both the fair sex and the kiddies admitted for 10 cents at entrance gates and to the big 25 cent Hippodrome Show at night, and to the whole bewildering aggregation of Rice & Dore Carnival features on the Midway for 5 cents both afternoon and night. The cooperation of Prof. Holland, superintendent of the Louisville public schools has been sought and granted, and the pupils will be allowed a half holiday on the opening date of the fair.

Tuesday will be "Louisville Day" and all stores and business establishments will close at 1 o'clock. The \$1,000 Roadster stakes will be the big feature Tuesday night and the most exciting event of the kind offered during the entire celebration. The premium will attract the best horses in the country and is the most popular contest listed. Mayor Buschmeyer, of Louisville, will be host of the day.

Wednesday is dedicated to "Good Roads and Eastern Kentucky." Col. Harry Summers, of Elizabethtown, and Senator Jos. F. Bosworth, of Middlesboro, will be chairmen of the day. The cheap rates offered for this date are expected to attract big crowds from the section thus honored. The \$1,000 Light Harness Stake programmed for Wednesday night will attract such equine headliners as Kentucky's Best, Astral King, Jack Barrymore, Richelieu King and others of the finest caliber who will make their first appearance in this event prior to the red-letter feature of the whole fair, the \$3,000 Saddle Horse Stake listed for Friday, September 18.

Thursday is Governors' and Indiana day, and the chief executives of Kentucky and her neighboring state will be the guests of honor. A splendid horse show has been arranged for both afternoon and night of this day in the Hippodrome.

Friday is Fraternal Day and the full membership of many lodges are expected to do honor to the date thus honoring them. The world's greatest saddle horse stake of \$3,000 Friday night will make this the banner date of the entire week.

Saturday is "Big Feature Day" and all over the grounds, in the Hippodrome and down the Midway, sensations will be in order. The half-holiday accorded clerks and office folks will naturally bring out a record crowd and the exclusive feature offered will be the thrilling flight of Lincoln Beachey, the "Up-side-down" man, at 3 and 4:30 p. m. Beachey flies, rain, shine, blow, or calm, and not only does a death-defying dip, spiral glide and earth-touching swoop, but makes

his nights with machine top-side downward.

The world-famous Payne's fireworks production for 1914 entitled "The Battle of Mexico," in conjunction with a spectacular out-door circus, is a star feature secured by the fair management and one which will nightly add to the myriad attractions of the celebration.

PEERLESS TROTTERS, PACERS AND RUNNERS

To Smash Records and Strive for Rich Premiums, Stakes and Trophies Offered in Racing Events at Kentucky State Fair.

The racing program for the twelfth annual Kentucky State Fair, September 14-19, guarantees the liveliest, most interesting and inspiring series of events yet recorded at a like celebration and a record-breaking line-up of trotters, pacers and runners are in the line up for the splendid premiums offered.

There are six trotting and pacing stakes which will be of spectacular interest to horsemen. Four of these premiums are valued at \$1,000 and two at \$500 each. The four \$1,000 stakes are for:

2:14 trotters. 2:11 pacers.

2:20 trotters. 2:20 pacers.

The \$500 premiums are for 2 and 3-year-old trotters. The total number nominated for these stakes is 143, a listing of 25 per cent in excess of any like record in State Fair history. There are entries from Indiana, Tennessee, Alabama, Georgia, as well as from Kentucky, and there will even be representatives from far off North Dakota and California.

U. Forbes, the sensational year-old who broke the world's half mile track record at the Kentucky State Fair last season, has been entered in the two-year-old events. Other famous competitors are:

John Jacob Astor.....2:14 trotter
Major Russell.....2:10 trotter
Belle Ashland.....2:10 trotter
Lizzie Brown.....2:11 trotter
Gordon Todd.....2:07 trotter
Howell.....2:07 trotter
Col. Forrest.....2:07 pacer
Our Doctor.....2:08 pacer
Donnie Boy.....2:08 pacer
Jachin.....2:10 pacer
Possibility.....2:08 pacer

The program has been so arranged as to admit of two or three harness races each day and on the last day of the fair will take place the most interesting event of all, the Gentleman's Cup race, for which a magnificent trophy will be offered. The State Fair track is the fastest half mile track in the country and is annually the scene of the greatest speed and class trials in the United States.

The class events will list:

2:12 trotters. 2:09 pacers.

2:15 trotters. 2:13 pacers.

2:18 trotters. 2:17 pacers.

2:24 trotters. 2:21 pacers.

The daily running races at the fair

will include some of the fastest and best horseflesh then stabling at Douglas Park in preparation for the fall meeting which follows the week of the State Fair.

With this commingling of the "State sport" and the "social intercourse" which is typical of the grand stand gatherings, the track events at the fair are by far the most popular and important event of any feature adding in this important and popular celebration.

THE MATCHLESS MIDWAY COMING

"Beat Last Year," Is the Slogan of the State Fair Management

"Beat last year!" is the slogan of the State Fair management which keeps the efforts and energies of the entire working organization on the crescendo each season and which makes a forecast for the coming celebrations a dizzying process, but for the fair of September 14-19, Secretary J. L. Dent has achieved a coup in securing the Rice & Dore aggregation for the Midway that places the amusement end of the twelfth annual festival safely under the wire of victorious superiority.

"Than the Rice & Dore Carnival shows there is no better organization of the kind extant and they will offer pleasure seekers at the fair a lengthy list of new and alluring novelties.

Among the number will be the Water Circus, unique adjunct to a traveling organization. The Water Show is an aggregation of aquatic marvels in which thirty performers take part, and which all the wonders and wondrous of the New York Hippodrome Tank is displayed. There are world's champion male and female divers and swimmers, log rollers, water walkers, high diving dogs and ponies, clown stunts and the amazing fact that whenever a performer's act is finished they disappear beneath the waves never to appear visible on the surface again, during that particular show, at least. The exhibition is a whirlwind of fun, mystery, beauty and thrill, devoid of a single objectionable or risqué feature and something that State Fair audiences have never witnessed heretofore.

Another out of the ordinary and exceedingly valuable exhibition will be a working model of the Panama Canal in charge of Captain Ladere, who worked under Colonel Goethals in Panama and who knows as much about the "big ditch" as an encyclopedia. Boats will pass back and forth carrying spectators over the miniature of the canal and enabling them to witness the working of the Culbreut cut and the locks in perfect miniature.

The autodrome, with big cars taking the place of cycles in dashing their drivers around the inside of a globe at speed that renders them almost entirely invisible, will be a factor in the Midway excitement.

Kline & Garnett's Wild West Show will look like a "Buffalo Bill" aggregation at its palest. Kline is the champion cowboy rider of the world and Garnett, the champion trick roper. In addition to their own exhibitions they have a company of star rough riding performers and wonderful trained animals which go to make up one of the best "wild and woolly" outfits in the show world.

In addition to the headliners the Midway will have a remarkable mechanical device, a trip to Mars, a "The Great Wheel," which is a new kind of amusement.

One Dollar Per Year in Advance

The Official Organ of the Republican
Party in Knox County.THE PROGRESSIVE
PARTY

In another column will be found the statistics of the recent Primary and regular elections held since the Presidential Election, and we call your particular attention to the decrease of the Progressive Party.

We do not blame any man for voting for Mr. Roosevelt, for in fact it was chance like a game of Draw Poker, when the people went to the poles to vote, they seemed to be between the "Devil and the deep blue sea," some had it that the Republican Party had actually just taken the nomination from Roosevelt at Chicago, and then they set about to make amends for the party by nominating Roosevelt for President, and doing this they organized a "Democratic Aid Society" and played the D---, and while they did not vote for Wilson, they left the party and let Wilson in, but putting the vote of the Republican Party and the vote of the Progressive Party together, Wilson would have been the worst beat man that ever entered the race for the Presidency.

The Old Republican Party is coming to her own again as is shown by the recent returns, and we will soon be a re-united party, stronger than we ever were, and when the next race comes on for President, we will give the greatest Republican majority that was ever recorded; some one will ask the question why? The question that any one can ask, even a fool, but the answer is about as easy as the question: what did the Democratic Party promise? he! they said they would bring down the high cost of living, have they done it? they said they would remodel the tariff, have they done that? he! they said they would make times better in general, have they done that? They have not brought down the high cost of living, on the other hand, they have raised it; and at the same time they have brought wheat down from \$1.00 a bushel to 50c a bushel, they have taken the tariff off of wheat, they have taken the tariff off of potatoes, and the farmer now has to quit raising them because Canada can ship them in for less per bushel than the ordinary farmer can afford to plant them for, much less digging them and hauling them to market, under the Republican administration the hide was worth as much as the cow that it was taken from, today it is not worth the time it takes to skin the cow, yet our shoes cost the same if not higher, they have taken the tariff off of wool, and the decent self respecting farmer is now ashamed to look a sheep square in the face, yet our clothing comes as high if not higher than before, under the Republican administration, every Coal Mine in the country was running full time, and some were working double shifts, what is the condition now? More than half the mines are shut down, and the rest are running on half time, some less; under the Republican administration the Western Wheel Works could not get material fast enough to keep their great factories at work, now they have suspended buying altogether; then money was easy and every thing had the ring and gleam of gold, and the banks could not get all the loans they wanted, now they have none to loan, then every man had a job that wanted one, now there are five men to every job, then every one was happy and content, now all we have is unrest, and worry, then railroads were making extensions, now all this is suspended indefinitely.

All there is to it is the changes of

the Post Offices and other appointive jobs, and in a great many cases men are appointed who are not qualified to hold the positions, and yet Mr. Wilson says every thing is strictly "Civil Service," which is all humbug. The people of the United States are surely going to wake up, not only the Republican Party but the Progressives and Democrats are not satisfied, there is a general unrest and when the next election comes on there will sure be a rattling of the dry bones of the Old Democratic Party, and it will be buried for another half century.

The best and only thing to do is to bury the little animosities, if there be any, and let's be brothers as in the past and go after the common enemy.

Bosworth is Desperate

Realizing that he is overwhelmingly defeated, Bosworth is desperate. He does not stop at the circulation of glaring falsehoods about Powers, but attacks him in a low and cowardly way in circulars he is privately sending out over the district. All these will be answered.

This article is written for the purpose of warning the good, honest people of this district and the friends of Powers that they need not be surprised at anything that may be sent out from the Bosworth headquarters from now until the first of August. That lies of some sort will be circulated no body doubts. To know the Bosworth crowd is to know this. These lies may be sent out in circular form. They may be published in the newspapers. It comes to Powers' headquarters that even bold forgeries are planned, and that Powers' name is to appear on letters and documents that he has never written and has never seen. The writer of this article is told that the Bosworth crowd in Middlesboro, in their campaigns often wait until the very day of the election, and then spring on their opponents in circular form charges of a 'damaging character. Powers upon the contrary has always gone before the people, publicly and above board, saying in the face of his opponent what he had to say, giving them a chance to answer. In our opinion that is the way a campaign should be conducted. Bosworth has bought exclusive space in the Pinnacle News from now until August 1st. The Pinnacle news is published by Chas. E. Herd. They do not propose to give Powers a chance to reply in that paper or anything that it or its editor publishes between now and August first. That of itself shows that they are planning a dirty deal. Doubtless they will attempt to do that with other papers in the district. Powers has been lied on so long and so much that the people will not pay any attention to them.—Adv.

Bosworth Objects to Only
One Vote Cast by Powers

During the three years and more Caleb Powers has been in Congress Bosworth in the literature he is sending out objects to but one vote cast by Powers. He says: "On April 21st 1913, when the Sundry Civil Bill, containing a proviso favorable to labor, was up for passage on a special rule, Mr. Powers is recorded as voting Nay." The proviso he refers to was one exempting labor organizations from organizations from entering into combinations and agreements not unlawful in themselves, for the purpose of increasing their wages, bettering their conditions etc. Instead of Caleb Powers voting against the proposition he voted for it. He voted for the Sundry Civil Bill containing that provision. The vote can be found in the third session of the Sixty-second Congress and on page 4852 of the Congressional Record. The thing that Powers and every other Republican member of the House did vote against was a special rule brought in by the Democrats to give only 40 minutes general debate to the Sundry Civil Appropriation Bill containing 200 pages and appropriating

\$116,795,327 of the peoples money. Powers and every other Republican in the House voted against it; so did every Progressive. The Democrats voted for it. Bosworth would have voted with the Democrats had he been there, because he complains that Powers did not vote for it.

What he says about Powers trafficking in post offices will be fully answered in due time. Sufficient it is at present to brand the charge as an infamous falsehood; a low and cowardly attack.—Adv.

Vote for Caleb Powers
for the Republican
Nomination for Congress.

In order to do this, go to the election on the first Saturday in August, which is August 1st. Call on the officers of the election to hand you a Republican ballot. Go to the voting booth and stamp in the square opposite the name of Caleb Powers and the work is done. He is a Winner. No Democrat has a right to call for a Republican ballot. No Republican has a right to call for a Democrat ballot.

MASS MEETING

Last Sunday afternoon at 2:00 o'clock there was a mass meeting held in the Court House, and to say that it was an interesting meeting, is verified as truth.

The object of this meeting was to organize for the purpose of assisting the officers in putting a stop to the use of money and intoxicating liquors in the approaching primary election.

The meeting was called to order by Rev. J. W. Rigon, and a permanent organization was effected as follows: Rev. J. W. Rigon, President; Prof. W. O. Faulkner, Secretary. On motion a committee was appointed to draft resolutions, as follows: Mrs. M. A. Tinsley, Messrs W. H. McDonald, Sol T. Steele and J. D. Tuggle, who retired for the purpose of drafting resolutions and while the committee were out addresses were delivered by Prof. P. L. Ports, Rev. S. F. Kelley, Hon. A. M. Decker, Hon. R. W. Cole and others. The resolutions follow, which were unanimously adopted:

RESOLUTIONS

Barbourville, Ky., July 19, 1914.

The citizens of Barbourville and Knox county in mass Convention assembled, protest against the use of either money or intoxicating liquors for the purpose of influencing voters and hereby denounce such practices as a violation of both the law of God and man. We assert that the use of money in elections violates the spirit and defeats the purpose of an election, while intoxicating liquors debauches and destroys the manhood and wrecks and ruins the homes of our fair land, therefore be it;

Resolved, by this body that we call upon all candidates seeking a nomination in the coming State Primary and in the general election to be held in November, to aid us and all good citizens in this county and State in stamping out corruption in elections, and especially in preventing the use of both money and intoxicating liquors to influence voters in these said elections. Be it further;

Resolved, That we urge our County and District officers upon whom the enforcement of law is enjoined to put forth every effort to stamp out these evils and give to the people clean and fair elections and we pledge our unanimous and unreserved support to all said officers in the enforcement of the law and the putting down of these practices.

And to this end we now declare a thorough investigation of the said Primary as well as the general election necessary and proper and we urge the Judge of the 34th Judicial District to call a special term of the Circuit Court in each county of this Judicial District and empanel a grand jury and fully and thoroughly investigate the said Primary immediately after the same is held and indict and cause to be indicted and tried all persons who either use directly or indirectly money or intoxicating liquor to influence voters in said election. Be it further;

Resolved, That we will not sup-

HOW TO GET STRENGTH

after any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness.

Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion after any sickness; nothing equals it—nothing compares with it. Its pure, medicinal nourishment, free from alcohol or opiates, promptly creates rich blood, strengthens the nerves and lungs, and overcomes tuberculosis.

CORROBORATION.

OF INTEREST TO BARBOURVILLE READERS.

For months Barbourville citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.

Would these prominent people recommend a remedy that had not proven reliable?

Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

The following statement should carry conviction to the minds of every Barbourville reader:

Mrs. Julia A. Parker, College Hill, London, Ky., says: "I was laid up with my back and kidneys and confined to the house. My back ached constantly and was so painful that I couldn't lift. I would be up one day and down the next and was always suffering from the terrible ache in my back. Doan's Kidney Pills were recommended to me and I began taking them. They helped me wonderfully and by using them I have escaped all the sufferings of the previous winters. I gladly confirm what I said several years ago commending Doan's Kidney Pills."

TROSPER

Mrs Mary E Trosper, wife of the late J Trosper, died at her home on Middle Fork of Richland Saturday evening at 7 o'clock. Mrs Trosper was one of Knox County's best women, her life has been one of purity, one of that typical christian life, she was a member of the Christian church and had lived that sweet christian life that entitled her to the great reward which we believe she enjoys today.

Mrs Trosper was 71 years old when the call, "come up higher," came to her. She leaves one son, W M Trosper, of Junction City, and six daughters and an innumerable host of friends to mourn their loss, but their loss is her eternal gain, may we all live the kind of life this good woman lived when she was here.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F J Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Spoke and Handle Factory in Prospect

Mr. Minton is here looking for a site for the location of a spoke and handle factory. We certainly will welcome Mr Minton and his factory should he find a suitable site for this industry and we assure him that we will do all in our power to make it both pleasant and profitable for the Company. We have the hickory timber, the water power, and the electric power, and if it seems best for him to use natural gas for his power we have it in abundance.

We have a body of Councilmen and a Mayor that are wide awake, men that want things to move, and we are sure that these gentlemen will grant him all the privileges that he may want, and will release him from city taxation for at least five years.

We have all the facilities that will be needed in that or similar enterprises. Good schools abound in our midst for the young who anticipate locating with us. We welcome all industrial enterprises coming our way.

LILLARD

MUELLER

Eight years ago the Democracy of Kentucky held a Primary Election to nominate a candidate for the United States Senate. More than 100,000 Democrats participated in that primary. Governor Beckham received a majority of the votes, carrying 91 of the 119 counties in the state. The Legislature which followed was Democratic in both branches, but Governor Beckham had enforced the law as to closing the saloons in Louisville on Sunday, and had stood for the County Unit Law, thereby incurring the enmity of the Whiskey Trust and the Beer Trust, and they sought his defeat in the Legislature. The above four men, elected as Democrats, betrayed their trust and voted for the Republican candidate, W. O. Bradley, thereby electing him to the Senate.

Will You Cast a Vote On August 1st to Endorse This Treachery? If not, Vote for J. C. W. Beckham, and Right the Wrong Done Him and the Democratic Party

Kentuckians Swiftly Relieved of Stomach Ills

By MAYR Remedy; First
Dose of Wonderful Treat-
ment Shows Results After
Years of Suffering.

Many Kentuckians have found swift relief from disorders of the stomach and intestinal tract by the use of Mayr's Wonderful Stomach Remedy.

The first dose give results. It is not a long treatment.

Here are statements taken from the letters of two Kentucky people who have used the remedy:

W. A. CLARKE, Central City, Ky.—"The medicine has done my wife a world of good and she has been suffering with stomach trouble for years."

MRS. BELLE HAWKINS, Eminence, Ky.—"I have taken all of the medicine. I don't think I need any now, as I think I am well. I never felt better in my life."

From all over the country come thousands of just such letters. This wonderful remedy shows results, safely, and with the first dose.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's Mayr's. Go to Herndon Drug Co. (Rexall) Drug Store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting Street, Chicago, Illinois; for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful results.—Advt.

NOTICE!

To The Road Officers, Road Hand and Citizens of Knox County:—

A few days ago the new Road Law of Kentucky went into effect. The new Road Law provides that the County Judge lay off the county in districts and appoint an overseer for each district and allot the road hands for each district, (these being all of the able bodied male citizens between the age of 18 and 50 residing in the road district.) The County Judge will at the regular County Court, on the 27th day of July, 1914, lay off Knox county into Road Districts, allot the road hands for each district and appoint road overseers for each district. Under the new law, the system of working the county roads is materially changed. For the present, no one will be authorized to hire or employ another to do any work on the Public Roads, and if anyone assume to make contracts for road work, it will be without authority of law, and the person doing the work will be unable to receive any pay therefor, and no one is authorized under the law, since the new law went into effect to collect money from any person in lieu of services on the road, and all persons are notified not to pay any money to Road Overseers or any other person for the purpose of having the road worked. Of course this does not apply to taxes collected by the Sheriff of the County. And all persons will bear in mind that no one at present is authorized to employ you to work on the roads, or to collect any money from you. Just as soon after the 27th of July as is practicable the new system of working the roads under the new law will be put into effect. The new law in many respects is very similar to the old law in force prior to 1912. The road law enacted in 1912 has been repealed. It is not the law now, nor never has been for anyone to pay money in lieu of work on Road and I, as Judge of the County Court, will not stand for it.

Respectfully yours,

THOMAS G. HAMMONS, Judge

Knox County Court.

Bosworth has Held Office
Much Longer Than
Powers.

Bosworth, in the literature he is sending out over the district in the vain attempt to prove that he has held office at the hands of the Republican party for 15 years; and yet his friends claim that Powers has been in Congress long enough, when he has been there less than four years. If four years are enough for Powers, is not 15 years already too much for Bosworth? Who has suffered most for the Republican party, Powers or Bosworth? Which of the two has been the truer to the party, and which has the better claim upon the party for its support?—[Advt]

Farmers in this section smile since the good rain.

John Lewis, of this place, was

Garfield Gilliam, of Middle Fork, visited his father-in-law, J L Parker, Sunday.

There was a large crowd at Mt Olivet church Sunday and the singing school is doing fine.

It is expected that Tilden Crook will some day go wild, he is very fond of "a Woods."

Hunting Shirt school horse looks awfully lonesome this year, guess it is sorry for the little children who have to walk so far.

J I Chesnut has just brought in his Fall and Winter line of merchandise.

A E Chesnut has been distributing Beckham's pictures all over this country and doing a little talking too, but there are still a lot for Stanley.

WARREN

(by Nutt)

I love the cows and chickens, but this is the life for me, Oh! you beautiful doll.

Edgar I Denton has returned from St Louis where he has been spending his vacation and is now at his old job, cutting meat longways the grain.

Mrs W G Martin and little daughter have returned home after spending several weeks with relatives in Bristol.

S R Jennings, Vice-Pres., of the Carter Coal Company, was in Warren last week looking after the interests of his company.

R C Tway, of Louisville, stopped over a few hours with us last week and reports the outlook for the coal business is fine we are glad to say.

Miss Florence Raney remains a very popular visitor of Supt Raney.

Superintendent Lewis, who has charge of the R C Tway Co's mines at Tways, spent Sunday in Warren.

Mrs O L Wagner and little son, Rob, came over from Bristol last week to be guests of her brother, S P Carmack, at the Club House.

Miss Edith Downham, who has been with the Carter people as milliner for the last two seasons, left for her home in Delaware last Friday. Miss Downham has been very popular and will be missed greatly but we have hopes that she will return, maybe not as a milliner but—I was about to tell something.

Dr and Mrs Snead had as their guest last week Misses Margaret Newsom, Consuello Hayden and Carrie Davis; the young men of the camp say that this is the life.

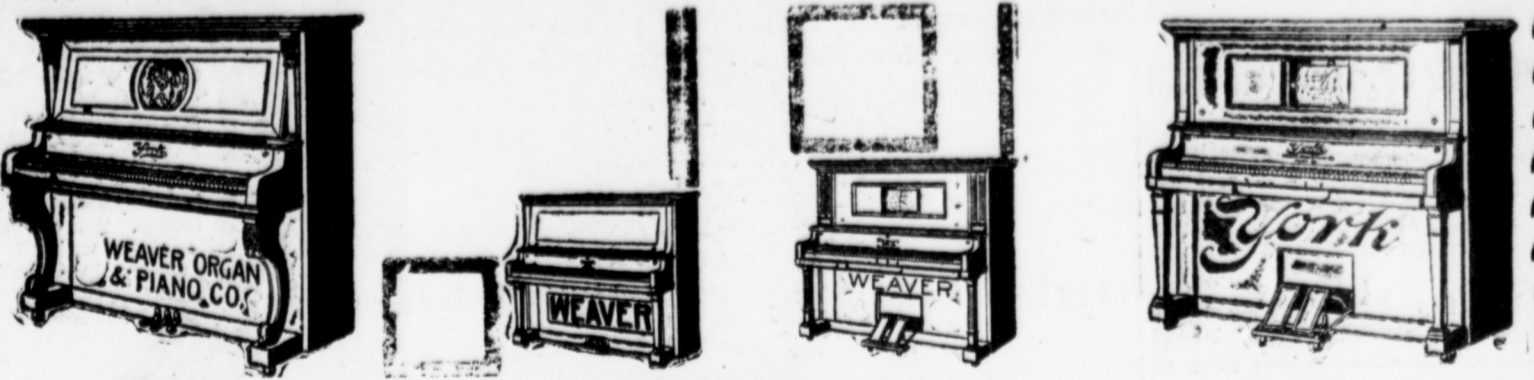

Miss Margaret Stark Newsom, a typical southern beauty of the old North State, is the attractive guest of Mr and Mrs W B Stark, of Artemus. Miss Newsom is very popular in Warren and we are all glad to have her presence in our little town and quite a number of entertainments have been planned for her.

Mrs W W Snead gave an elegant six o'clock dinner last Saturday for Miss Florence Raney, of Logan, O., which was much enjoyed by all, and we extend to our hostess our many thanks for this enjoyable evening.

MISSSES NEWSOM AND RANEY ENTERTAINED

One of the prettiest dances we have had in a long time was given by our young men last week for Miss Margaret Newsom, of Raleigh, N C and Miss Florence Raney, of Logan, Ohio. Music was furnished by the Fred South Orchestra, of Cincinnati, and the dancing was led by Mr Lewis, of Knoxville, and Miss Raney, and some of the newest dances were introduced, the hesitation was one of the prettiest and made a lasting impression. Those dancing were:

Miss Raney, of Ohio, with Mr Lewis, of Knoxville; Miss Hayden, of Louisville, with Mr Kuhn, of Lexington; Miss Newsom, of Raleigh, with Mr Carmack; Miss Downham, of Delaware, with Mr Raney; Miss Lewis, with Mr Rogers; Dr and Mrs Snead, Messrs and Mesdames J. STATE RETARDED IN SCHOOL GROWTH

PAYING DEBTS BY APPOINTMENT
OF TEACHERS — TRUSTEES
ELECTED BY ONE VOTE.

SELLING SCHOOLS FOR CASH

Four Thousand Trustees Will Be Elect-
ed Throughout State in August—See
To It That the Best Men Only Are
Named at This Election—All Par-
ents Should Vote.

Louisville, Ky., (Special).—Was
there ever a "devil's brew" brewed
that equaled what has been going on
in our rural schools?

We are paying by taxation over
three million dollars annually out of
the State Treasury, to say nothing of
local taxation and other contributions
for the support of our public schools.

It is a question if one-third of it is
not wasted by incompetence and in-
difference not to mention possible
graft in one form or another.

As a sample of what has been going
on, I very recently had occasion to
look over a batch of letters from a
number of County Superintendents of
our State. I ran across one reporting
some trouble in the sale of schools.
Asking what on earth that meant, the
reply was, "Why haven't you heard of
that before?" I said "In God's name,
no; what does it mean?" "Why," they
said, "that has been complained of for
years, but it is not as bad now as it
has been."

It seems the trustees would sell the
privilege to teach his school to the
teacher who would agree to give him
the largest part of her salary. It is
reported that in some cases trading in
schools has been quite a profitable
side issue. Was there ever anything
more infamous? A man that would
do it ought to be sent to the peniten-
tiary for a thousand years. Another
case of a combine, three teachers were
applicants for a school, the final agree-
ment was that each should teach a
third of the time, thus giving the poor
children the benefit of a rapid change
in teachers.

Another case (and this was not in
the mountains, either), a vacancy oc-
curred, two applicants presented them-
selves, one was a graduate of a Nor-
mal school with a full certificate, the
other a young girl scarcely through
the High School, the school was given
to the young girl. Some of the very
curious enough to investigate found
the girl's father owed the superintend-
ent a debt and had promised payment
out of the girl's salary.

In one of our richest counties, where
a bunch of trustees were gathered
with some patrons to talk over con-
ditions, one of the trustees arose and
pleaded for help, saying that he was
elected by one vote and he had to go
out and hunt up that man to vote for
him in order to get there at all.

When it is realized that these dis-
trict trustees, of whom there are
about 8,000 in the State, constitute the
most vital part of our educational ma-
chine, is it any wonder that the State
is retarded in her growth and ad-
vancement.

I would not be understood as con-
demning all trustees; we have many
good ones, who are honestly trying to
do their full duty, but unfortunately
these kind are not in the majority.

Now whose fault is this? It belongs
more or less to all of us, but primarily
to the parents of the children who are
too indolent or indifferent to even go
to the polls and vote for the right kind
of a trustee, and take enough active
interest in the conduct of their schools
to see that they are conducted on an
efficient basis.

When this office is filled with one
of the best men in each district, then
we shall see such a development of
our schools and State as has not been
dreamed of. There will be about 4,000
trustees elected in the first days of
August next. Now will the people see
that good men are put in or will they
continue to neglect it and let it be
filled with ne'er do wells, the incompe-
tent or those who have "axes to
grind?"

The wonder is not that we have
droughts, and other calamities but
that the God of Heaven does not smite
us from the face of the earth.

—John B. McFerran, Chairman Edu-
cational Committee, Louisville Com-
mercial Club.

RULES FOR EXAMINATIONS

Applicant For High School Certificate
Must Be Graduate of University.

Frankfort, Ky.—The state board of
education has adopted rules governing
the granting of certificates to teachers
in the rural schools of Kentucky as
provided by the act of the legislature
of 1914. The rules governing the
granting of certificates to graduates
of higher institutions of learning with-
in and without the state to teach in
the high schools provide that the ap-
plicant must be a graduate of a stand-
ard college or university requiring a
four years' school course for en-
trance. The standard curriculum must
be maintained in such college or uni-
versity if the graduate is admitted
without examination to teach on the
diploma. The rules regarding the life
certificate provide: First, all ap-
plicants must have had at least twenty
years' successful experience. Second,
no certificate will be granted except
to applicants who have been actively
engaged in teaching in Kentucky for
the past five years. Third, all ap-
plications under this act must be in
writing and on blanks supplied for
that purpose. Fourth, the age of the
applicant must be given with the ap-
plication. Fifth, persons who have
held the office of county superintend-
ent will be accepted as having taught
for that period. Sixth, all applicants
will be required to give the state, coun-
ty, town and place where schools have
been taught and the date when each
school was taught. Seventh, a record
of the date of each certificate held
must be given and the name of the
parties granting it. Eighth, all ap-
plicants must give amount of special and
professional work done, the names of
colleges and normal schools attended,
the degrees received and name of
school granting the degree. Ninth,
records of certificates received, of
schools taught, college or normal
school work done, should be properly
certified by county superintendents.

NOTICE!

A new voting precinct is hereby
created out of the Girdler Precinct
of this county, and includes the
following boundary:

Beginning on the top of the Ridge
in the head of Little Richland creek
at the Stinking creek gap, including
John Mills' farm; thence running
with top of ridge between Richland
creek and Spruce Pine Branch, so as
to include Green Briar branch, and
down said ridge to the first ford
below John G. Jones' on the Goose
creek road; thence across the creek
and running up the ridge to the top
so as to include Anthony Mills' farm;
thence running with the ridge
around to the Buncom branch gap;
thence running up the ridge to the
division line between Girdler and
Black's voting precinct; thence with
the old Girdler line to the beginning.
Said precinct to vote at the old
Payne place, and be known as
Payne Precinct No. 23. The old
Girdler precinct voting place will be
near the mouth of Hammons' Fork
of Goose creek.

SEXUAL KNOWLEDGE

ILLUSTRATED 320 PAGES

Tells all about sex matters, what
young men and women, young
wives and husbands, and all others
need to know about the sacred
laws that govern the sex forces,
plain truths of sex life in relation
to happiness in marriage. "Secrets"
of manhood and womanhood; sex-
ual abuses, social evil, diseases, etc.

The latest, most advanced and
comprehensive work that has ever
been issued on sexual hygiene. Price-
less instruction for those who are
ready for the true inner teaching.

This book tells nurses, teachers,
doctors, lawyers, preachers, social
workers, Sunday School teachers
and all others, young and old, what
all need to know about sex matters.
